Director of Industries

To,
The Principal Secretary
Department of Drinking Water & Sanitation
Government of Jharkhand, Ranchi

Subject: Department services to be made online as a part of Ease of Doing Business initiative by Department of Industrial Policy and Promotion (DIPP), Government of India-regarding

Respected Sir,

As you may know that Department of Industrial Policy and Promotion (DIPP) has suggested a host of reforms under the Ease of Doing Business (EoDB) initiative that also involves ranking of states on 372 parameters. In this context, request you to direct the concerned to revert with the list of services that the department provides to business establishments that can be made online and time-bound for providing better access to the users and improve transparency.

These services will then be featured on Single Window Portal of the State. It is also requested that nodal and secondment officers maybe appointed who will coordinate with EoDB team of Single Window department to implement the reforms and provide any support necessary.

Thank you very much.

Yours sincerely,
